Art Unit: 3662

1. This application is in condition for allowance except for the following formal matters:

The drawings of 17 March 2004 as corrected by the drawings of 21 December 2004 must be corrected to illustrate all claimed features as set forth in apparatus claims 1-15 per 37 CFR 1.83(a). Correction is hereby **required**.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are **required** in reply to the Office action **to avoid abandonment of the application**. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. **The objection to the drawings will not be held in abeyance.**

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
